

Mood Mists

HAIR & BODY MIST · 3.4 OZ

SUGGESTED RETAIL \$24.00 EACH

Your clients come to the salon for more than great hair. They come for the **confidence, energy and feeling** a great stylist can create.

Mood Matter was made for that moment. Our Mood Mists are lightweight hair and body fragrance mists that bring **mood-boosting scent** into the salon experience while leaving hair soft, smooth and lightly conditioned. Use them as the finishing touch behind the chair, then help your client choose the scent that matches how they want to feel. **A simple ritual they can take home.**
